Subject: Support our river and our jobs

I can't believe the EPA is going to push for a river cleanup that's bad for business.

If, under the EPA plan, the river cleanup were to lead to higher expenses for harbor companies and higher costs for consumers, that would mean a big hit on our economy. We do need a river cleanup but I hope that you'll also consider the costs to our economy.

Please support the harbor jobs that are good for our community and our economy.

Sincerely,
